2012 Biomedical Research Equipment and Supplies Exhibit at NCI-Frederick/ Fort Detrick

Sponsored by :

May 9-10, 2012
Fort Detrick
Frederick, Maryland

The 2012 Biomedical Research Equipment and Supplies Exhibit at NCI-Frederick/Fort Detrick

The Technical Sales Association, a nationwide member-led organization based in greater metropolitan Washington, DC, invites you to exhibit in the 2012 Biomedical Research Equipment and Supplies Exhibit at NCI-Frederick/Fort Detrick.

Building on the success of the past exhibits, this annual event includes the eleventh annual concurrent technical program. Poster sessions presented by research professionals from NCI, USDA, Army, and NIAID will be held in the exhibit tent. Scientific speaker sessions on topics featured in the poster abstracts will be presented in a nearby on-site facility. Special exhibits highlighting on-site intramural research, organized by NCI, will also take place concurrently.

“Young Investigator Award” (postdoc/student) programs, “Meet the Scientist” poster presentations, public lectures, and a Job Fair are planned to enhance the outreach to the Frederick area student and general public as well as the research community.

More than 1,000 purchasing agents, primary investigators and their laboratory staff from NCI/Fort Detrick’s 25 tenant organizations representing the Army, Navy, Air Force, and Marines and NCI’s Frederick Cancer Research Facility will attend. Neighboring research institutions and off-site government agencies will also be invited. Fort Detrick’s 2011 research contract expenditures for equipment, supplies and services totaled \$8 million. With the federal government’s renewed commitment to funding biomedical research, 2012 forecasts increased spending within the Fort Detrick community.

The 2011 exhibit featured 200 booths presented by more than 180 regional and national suppliers. The 2012 exhibit predicts a repeat sell-out with increased vendor participation. The premier combined exhibit/technical program along with an extensive promotion campaign (including e-mail, advertisements and an on-site give away item) promises a record attendance. The 2012 Biomedical Research Equipment and Supplies Exhibit at Fort Detrick is your most direct entree to a target audience of decision makers from the world’s foremost microbiological containment research community. In light of the increased security measures installed at Ft. Detrick, this may be your best and only opportunity to gain access to this prestigious purchasing network.

Who Should Exhibit

Companies that provide equipment, supplies and services related to the biomedical research industry, including but not limited to . .

AIDS Research Products & Services
Centrifuges
Cell culture products and services
Chromatography equipment & supplies
Computer software systems - data acquisition/networks
Cryogenic equipment & systems
DNA synthesis reagent systems
Diagnostic products
Dialysis equipment
Diluting and dispensing equipment
Electrochemical detectors
Electrophoresis apparatus
Fermentation systems
Freezers, refrigerators, cold rooms
General laboratory equipment, supplies & chemicals
Genetic engineering enzymes & reagents
Glassware and plasticware
Homogenizers
Immunological & biological reagents
Incubators & ovens
Metering pumps, gas analyzers & humidity monitors
Microscopes and microtomy equipment
Molecular biology products & services
Multiblock heaters
Protein & peptide synthesis & analysis systems
Publications and journals
Radioactivity detectors
Shakers
Specialty chemicals & biochemicals
Spectrophotometers
Stirrers
Support service laboratories
Training video tapes
Vacuum pumps
Video & image analysis systems
Washers, hoods
Water purification systems

Exposition Facts

Exhibit Tent
Fort Detrick, Frederick, MD

Installation:

Tuesday, May 8

10:00 a.m. - 7:00 p.m.

NOTE: There will be no exhibitor move-in on Wednesday, May 9, prior to the Exhibit's opening.

Exposition Hours*

Wednesday, May 9

10:00 a.m. - 3:00 p.m.

Thursday, May 10

10:00 a.m. - 2:30 p.m.

Refreshments available to all exhibitors and attendees during exhibit hours each day.

Dismantle:

Thursday, May 10

2:30 p.m. - 5:30 p.m.

* Exhibit schedule preliminary, subject to change. Technical program schedule (poster sessions, scientific lectures, etc.) to be announced later.

Booth Size:

6' x 8' or multiples thereof

Booth Rate:

\$800 per non-corner booth or \$825 per corner booth. (Multiple booths are based on single unit booth rate. Multiply single booth rate by total number of booths requested.)

Booth Rate Includes

- Aluminum frame booth with flame retardant backwall and sidewall drapes and standard booth identification sign
- (1) 6' table covered with white vinyl top and skirting
- Electricity (if required) - 1.5 amp maximum per booth* (does not include extension cords or outlets)
- Overnight general security guard service
- Booth personnel identification badges
- Product/service listing in official program
- Coffee, soft drinks & snacks during exhibit hours
- Exhibitor Service Manual with operational information and order forms for additional rental items/services.
- List of Registered Attendees (mailed after show)

**Electricity is limited and supplied on a first-come basis. Maximum 1.5 amps available to each booth. No display lights or auxiliary generators permitted without purchasing additional power.*

NOTE:

Space is allocated on a first-come, first-served basis. Applications not accompanied by full payment will not be assigned space.

To exhibit, at least one individual from each exhibiting firm must be a member of TSA.

Official Exposition Contractor:
Shepard Exposition Services
Baltimore, MD

As an exhibitor, you'll be among the industry's leading names! Here is a sampling of the 2011 exhibitors. . .

Agilent Technologies	Leica Microsystems
Applied Biosystems	Lonza
BD Biosciences	Macrogen
Beckman Coulter	Mettler Toledo
Bio-Rad Laboratories	Microfluidics
Biohit, Inc.	Millipore Corporation
Corning	Molecular Devices
Cryo Associates	New England Biolabs
Daigger	OriginLab Corporation
Dionex Corp	Perkin Elmer
Drummond Scientific	QIAGEN
Electron Microscopy Sciences	Rainin Instrument
Eppendorf North America	Roboz
Gemini Bio Products	Roche Applied Science
GE Healthcare	Sanyo Scientific
Government Scientific Source	Sarstedt
Hydro Service & Supplies	Thermo Fisher
Imgen Technologies	Thomas Scientific
Inotech Biosystems Intl.	USA Scientific
Integrated DNA Technologies	VWR International, Inc.
Invitrogen	Wako Chemical
KPL, Inc.	Worthington Biochemicals
